Southwest Health
FOUNDATION

Employees That Care

Employee Participation Program

What is ETC?

EMPLOYEES THAT CARE (ETC) is the employee-giving branch of the Southwest Health Foundation. The ETC Committee is a highly committed group of volunteer employees working to generate funds for special projects in our facilities. We request your participation to enhance our facility.

How Was This Developed?

The Foundation was formed to build a lasting relationship between our neighboring communities and Southwest Health to ensure a strong legacy of health care. The Foundation consists of four committees:

- Employee Participation
- Annual Support
- Major/Planned Gifts
- Business Relations

Is My Help Needed?

Yes! Your support says to the community members that you believe in Southwest Health's future. As Foundation volunteers approach our area businesses and other major donors for contributions, it is imperative to demonstrate that our staff believes in and supports our facility.

Why is My Support Needed?

Southwest Health, like other health care facilities are affected by changes in the health care industry. Our organization is facing challenges that are the result of rising health care costs. Fortunately, at this time Southwest Health as a whole is a financially healthy organization. However, if we are to maintain our level of excellence, we must ensure a strong, secure future. The Southwest Health Foundation is an important and positive part of our overall strategy because it will provide funds for facility improvement, technology and equipment upgrades and additional program and services that have a direct impact on those we care for.

How Will My Money Be Used?

ETC Committee members will select appropriate projects that will benefit Southwest Health organizations, our employees, visitors, and patients. Your tax deductible gift makes a statement to the community indicating that we believe in our organization. Every dollar will be invested directly into our facilities and will not be used for operating expense.

What's in it for me?

Regardless of the giving level you choose, you will have the satisfaction of knowing that you are a part of the outcome. You will help ensure a strong future for our organization.

When Southwest Health is strong, so are the employees. Finally you will know that your gift is helping provide quality care when it is needed for you, your loved ones, friends, and neighbors.

In addition, all participants in ETC will receive recognition on a specially designated display.

How Do I Join?

You can become a member by donating through a payroll deduction pledge as little as \$2.⁰⁰ per pay period. Simply fill out the attached pledge card and return it to the Foundation Office.
